- (1) Your group's benefit period is based on a Contract Year. The Contract Year is a consecutive 12-month period beginning on your employer's effective date. Contact your employer to determine the effective date applicable to your program.
- (2) The Network Total Maximum Out-of-Pocket (TMOOP) is mandated by the federal government. TMOOP must include deductible, coinsurance, copays, prescription drug cost share and any qualified medical expense. If you are enrolled in a "Family" plan, with your non-embedded deductible, the entire family deductible must be satisfied before claims reimbursement begins. In addition, with your embedded out-of-pocket limit, once an individual family member's out-of-pocket limit is satisfied, additional claims reimbursement begins for that person. Finally, with your embedded TMOOP, once any eligible family member satisfies his/her individual TMOOP, claims will pay at 100% of the plan allowance for covered expenses, for the rest of the plan year. Claims for the remaining family members will pay at 100% once the family TMOOP amount is met.
- (3) Telemedicine Services (acute care for minor illnesses available on-demand 24/7) must be performed by a Highmark Designated Telemedicine Provider. Additional services provided by a Designated Telemedicine Provider are paid according to the benefit category that they fall under (e.g. PCP is eligible under the PCP Office Visit benefit, Behavioral Health is eligible under the Outpatient Mental Health Services benefit).
- (4) Services are limited to those listed on the Highmark Preventive Schedule (Women's Health Preventive Schedule may apply).
- (5) Benefits for Emergency Care Services rendered by an Out-of-Network Provider will be paid at the Network services level. Benefits for Hospital Services or Medical Care Services rendered by an Out-of-Network Provider to a member requiring an inpatient admission or observation immediately following receipt of Emergency Care Services will be paid at the Network services level. The member will not be responsible for any amounts billed by the Out-of-Network Provider that are in excess of the plan allowance for such services.
- (6) Air Ambulance services rendered by out-of-network providers will be covered at the highest network level of benefits.
- (7) Diagnostic assessment to diagnose Autism Spectrum Disorders may be performed by a licensed physician, licensed physician assistant, licensed psychologist, or certified registered nurse practitioner. Diagnostic assessments performed by a licensed physician, licensed physician assistant, or certified registered nurse practitioner will be covered as specified in the Office Visit benefit category. Diagnostic assessments performed by a licensed psychologist will be covered as specified in the Mental Health Care Services-Outpatient benefit category. Applied Behavioral Analysis for the treatment of Autism Spectrum Disorders will be covered as specified above. All other Covered Services for the treatment of Autism Spectrum Disorders will be covered according to the benefit category (e.g., speech therapy, diagnostic services). Services for the treatment of Autism Spectrum Disorders do not reduce visit/day limits.
- (8) Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy may or may not be covered depending on your group's prescription drug program.
- (9) If you receive services from an out-of-area provider or an out-of-network provider, you must contact Highmark Utilization Management prior to a planned inpatient admission, prior to receiving certain outpatient services or within 48 hours of an emergency or unplanned inpatient admission to obtain any required precertification. If precertification is not obtained and it is later determined that all or part of the services received were not medically necessary or appropriate, you will be responsible for the payment of any costs not covered by your health plan.
- (10) At a retail or mail-order pharmacy, if your deductible has not been met, you pay the entire cost for your prescription drug at the discounted rate Highmark has negotiated. The amount you paid for your prescription will be applied to your deductible. If your deductible has been met, you will only pay any member responsibility based on the benefit level indicated above. You will pay this amount at the pharmacy when you have your prescription filled. The Highmark formulary is an extensive list of Food and Drug Administration (FDA) approved drugs selected for their quality, safety and effectiveness. The formulary was developed by Highmark Pharmacy Services and approved by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. All plan formularies include products in every major therapeutic category. Plan formularies vary by the number of different drugs they cover and in the cost-sharing requirements. Your program includes coverage for both formulary and non-formulary drugs at the copayment or coinsurance amounts listed above. Under SensibleRx Choice, when you purchase a brand drug that has a generic equivalent, you will be responsible for the brand-drug copayment plus the difference in cost between the brand and generic drugs, unless your doctor requests that the brand drug be dispensed. With the Active Choice program, you must choose how you want to fill your maintenance prescription drugs. You may choose a retail pharmacy or your mail order program. If after two fills at a retail pharmacy you have not made your selection, you will need to pay full cost of the drug allowed by your plan for any future refills. You can change your selection at any time. Your plan requires that you use a specific specialty pharmacy for hemophilia medications. Please contact member services for more details.

Health benefits or health benefit administration may be provided by or through Highmark Blue Cross Blue Shield, First Priority Health or First Priority Life, all of which are independent licensees of the Blue Cross Blue Shield Association.
